COMMERCE CHAMBER MEMBERS TO HEAR BUSINESS EXPERT

Plans Completed For Business Men's Get-together Meeting at the Capitol Building This Evening—Calvin B. Brown to Speak.

The Board of Directors of the Chamber of Commerce have completed final arrangements for the big membership meeting which will be held in the Boys' Band room, Capitol building, Second and Sutton streets, this evening, at eight o'clock. Mr. Calvin B. Brown, the speaker of the evening, arrived this afternoon and was shown about the city and county by some of the leading citizens. They will not lose sight of the fact that Mr. Brown is traveling all over the United States and will herald the good features of Mason county and the hospitality of our citizens. The Boys' Band will give a concert at the meeting.

The subject of Mr. Brown's address will be "Why a Community Should Support Its Chamber of Commerce," and he is especially fitted to discuss this topic in as much as he has been meeting with citizens of the most prominent cities in the United States and discussing with them the particular problems confronting their Chamber of Commerce.

Invitations have been sent out to all of the members, both city and county and it is expected that this meeting will attract the largest attendance of any meeting that has yet been held by the local Chamber of Commerce.

AUTO STOLEN BY YOUNGSTERS

An automobile belong to Mr. Cleve Howe was stolen sometime Saturday night from its parking place at the carnival grounds. The machine was found by the police Sunday morning on the Mt. Carmel pike near the Maysville cemetery where it had been deserted. The machine was uninjured and the joyriders were not discovered. This is twice this same thing has happened in Maysville in the past two weeks and the police will severely prosecute those responsible if they are discovered.

Regular meeting Knights of Columbus at the hall in Market street Tuesday evening at 7:30 o'clock. Members urged to be in attendance.
T. F. HIGGINS, Secretary.

HEALTH LEAGUE WILL PRESENT PETITIONS TO COUNCIL

Mason County Health League Will Ask Council to Adopt System of Caring For Toilets in Unsewered Sections of the City.

Petitions are being circulated this afternoon by members of the Mason County Health League calling upon the City Council to adopt a system recommended by the United States Public Health Service for the care of toilets in that section of the city which is at present unsewered.

The petitions, which will be presented to council at the regular monthly meeting this evening, point out that at present the city may not be in a financial condition to install sewers in all parts of the city where they are badly needed but they point out that the system recommended by the U. S. Public Health Service will relieve the situation temporarily and the Health League officials set out that they believe such action would greatly relieve the threatened typhoid fever epidemic in Maysville.

It is more than likely that representatives of the Mason County Health League will appear before Council tonight in support of these petitions.

MRS. SPHAR BURIED HERE SUNDAY

The funeral of Mrs. A. C. Sphar was held Sunday afternoon from the late home in East Second street and burial was made in the Maysville cemetery. Dr. John W. Porter, pastor of the First Baptist church, Lexington, after preaching at his church in the morning motored to Maysville for the funeral and returned in time to preach at his own church at night.

TAKING ANNUAL VACATION

Rural Route carrier Paul Glascock leaves today on his annual fifteen day vacation which he will spend with friends and relatives at Crawfordsville, Ind. During his vacation his route will be well cared for by Mr. Earl Dryden, efficient substitute carrier.

BANK BUILDING COMING DOWN HURRIEDLY

Contractors are making rapid progress in razing the old Bank of Maysville building and it will be torn to the ground in a very few days if the work is continued at the present rate.

NEAR 5,000 FOLKS ATTEND SUNDAY SCHOOL SUNDAY

Maysville and Mason County Make Good Record on Special Sunday School Attendance Day—City Falls Slightly Short of Last Year.

Sunday School attendance Secretary J. H. Richardson makes the following report of attendance on last Sunday in Maysville and Mason county and comparison with the attendance one year ago:

CITY

Wesley Brotherhood, "Little Brick"	50	

Sunday was a great Sunday School day for Maysville and Mason county. The results was a big surprise to many folks just a little uneasy about the effects of the past week with its many distractions. Then the weather man had said on Saturday, "Thunder storms." But the day was ideal, and so were the people. At an early hour they began in great throngs to wend their way toward the churches until it seemed about everyone in the city must be at some church.

The churches all report fine services. Everyone is delighted with the results of the day. Collections were large, and interest at a high pitch. The Christian Church again takes the honors of first place. That the Scott M. E. church (colored) should take second place was a surprise. But they have a live young pastor round there that has brought about a great awakening in the church. Another big surprise was the Orangeburg Christian Church. And they are claiming if they had put forth the proper effort they could have "put it over" on the Maysville Christian. An encouraging fact about the work is that nearly everyone says that such an attendance is possible for every Sunday. If possible, then why not? Now is certainly a fine time to do some real constructive work and not let the good work done for one day go for nothing.

The returns from the county shows that the county schools are getting waked up good, after being out of commission for so long on account of health conditions. Lost ground has now been regained; now to conquer new victories. Lets not rest until every one is enrolled in some school.

It may be of interest to many to note that the five Methodist churches of Maysville had 1468 in attendance almost half the total for the city. Looks as if Maysville was some Methodist town.

A great degree of the success of the day is due the newspapers for the generous way they gave space to boost for the day. No such movement can succeed these days without the support of the newspapers. The churches are deeply grateful for the many favors and courtesies shown.

There seems to be a general feeling that the publishing of the attendance from week to week adds new zeal to the work, and the attendance secretary has been urged to continue the publishing the attendance every Monday. This we shall do as long as the newspapers are willing to do it.

Many of the Sunday Schools of the city and county have pledged their offering for Go-to-Sunday-School-Day, after deducting the legitimate expenses for the day, to the Kentucky

MRS. SPHAR WILLS HER ENTIRE ESTATE TO HUSBAND

Considerable Business Transacted in the Mason County Court Today—Mr. A. C. Sphar Sole Beneficiary in Wife's Will.

This being regular monthly County Court Day there was considerable business of importance transacted. The orders made during the day follow:

A paper bearing date of August 7, 1909, and purporting to be the last will and testament of Mrs. Eliza S. Sphar, deceased, was produced in court and filed. The due execution of the paper was proven by the testimony of Harry T. Miles and E. A. Robinson, attesting thereto and it was admitted to probate. By the terms of the will Mrs. Sphar's entire estate is bequeathed to her husband.

It appearing that Andrew C. Sphar was under the terms of the will of Eliza S. Sphar named as executor thereof and it further appearing that the said A. C. Sphar has declined to accept the appointment on account of infirmities of age, he moved the court that A. S. Clark be appointed administrator with will annexed of Eliza S. Sphar and he qualified as such with E. A. Robinson as surety on bond.

Several settlements filed at the last term of court and ordered to be left over until this term for exceptions were ordered recorded, no exceptions having been taken thereto.

Several other settlements were filed and ordered to lie over until the next regular term for exceptions.

The will of Ernest Dieterich was filed and ordered probated upon proof of its due execution.

F. A. Wilson was appointed administrator of John F. Wilson, deceased, and he qualified as such with H. L. Pepper as surety on bond.

WATER COMPANY PROPOSITION TO BE THOROUGHLY EXPLAINED

The proposition the Maysville Water Company has made to the city for the sale of their entire system will be formally presented to council as a whole by the Ways and Means committee at tonight's meeting and the matter will then be thoroughly explained by the representatives of the company. Because of the expediency of doing something at once, it is expected that some definite step will be taken by council tonight.

Mr. and Mrs. George Royse, Miss Hattie Stagers, Mr. R. R. Hough and Mrs. H. G. Royse were called to Godard, Fleming county, Sunday to attend the funeral of Mrs. Laura Calvert, of that place.

Mr. Vernon Carmack of Washington, D. C., is in this city having been called here by the death of his aunt, Mrs. A. C. Sphar.

Hon. M. J. Hennessey assisted in the formation of a new lodge Knights of Columbus at Paris Sunday afternoon.

State Sunday School Association. This is as it should be. Kentucky was the originator of the Go-to-Sunday-School Day idea. Many other states have adopted it since. All schools are requested to send their offering this week, as soon as it can possibly be done, to the treasurer for Mason county, Miss Florence Wilson, Maysville, Kentucky. This is an important matter that should not be delayed.

Next Sunday is "Mothers' Day" and will be observed with special services at many of the schools and churches. Carnations will be worn in honor of the mothers. Many schools will present each mother attending a carnation. This can be and should be made equally as great a day as yesterday.

DR. J. S. LOCKE HAS RESIGNED AS COUNTY HEALTH OFFICER

Mason County Health Officer Accepts Position With National Tuberculosis Association—Johns Hopkins Graduate Recommended For His Position.

It became publicly known today for the first time that Dr. J. S. Locke, Mason county's full time Health Officer, for the past two years, had tendered his resignation as such officer to take effect on May 15th. There has not yet been a meeting of the County Board of Health to accept this resignation but such a meeting will be held on Wednesday of this week.

Dr. Locke has been offered and has accepted the appointment as head of the National Tuberculosis Association's work in the entire state of Kentucky and he will move his family to Louisville where headquarters will be opened and maintained. Dr. Locke will go to New York City next week where he will meet with officials of the National Association for a week's meeting and he will then return here and move his family to Louisville.

As his successor in Mason county the United States Public Health Service and the Kentucky State Board of Health have recommended Dr. J. L. Rice, of New Haven, Conn. Dr. Rice has been in Maysville for the past several days but was called to New Haven this morning by a telegram announcing the death of his mother-in-law. Dr. Rice is a graduate of Johns Hopkins University and is a laboratory expert. If he comes to Maysville he will install here a first class medical laboratory in which he can make all kinds of investigations and examinations. This laboratory will be of great assistance during epidemics of various kinds and will also be of great value to the local physicians co-operating.

Dr. Rice has just returned from South America where he has been for some time under the direction of the United States Public Health Service making certain investigations and it is practically certain that he will be selected County and City Health officer to succeed Dr. Locke and he will receive the hearty co-operation of the State and Federal Health authorities in his work in Maysville and Mason county.

Since coming to Maysville when the Sanitary Survey was made, Dr. Locke has made many friends in this county who will be very sorry to see him leave but realizing his new position is quite a promotion they all congratulate him. Dr. Locke's work in Mason county has attracted attention to him in all parts of the country and his success here is responsible for his receiving this splendid appointment in charge of the government's work among the tuberculosis patients in the state of Kentucky.

It has not definitely been decided as yet but it is thought that the office of the County Health Officer and the County Health Nurse will be consolidated and in the future the County Health Officer's office will be at the headquarters of the Mason County Health League in Court street.

COMMISSION AS SPECIAL EMPLOYMENT AGENT RECEIVED

Secretary Carl Dodds Is Commissioned As a Special Agent of the U. S. Employment Service at One Dollar a Year.

Secretary Carl Dodds, of the Maysville Chamber of Commerce, who was recently appointed a Special Agent of the United States Employment Service, today received from Washington his commission as such agent at an annual salary of one dollar a year.

With this commission the Maysville Chamber of Commerce becomes a branch of the United States Employment Service and all returned soldiers in Mason and surrounding counties may feel free to use the local office at any time they need it free of cost of them. It is the purpose of the service to bring returned soldiers and employers together. Any local soldiers who are seeking employment are asked to list themselves with the local office and any employers in this section who are in need of men and who will employ returned soldiers are asked to list themselves with the local agent.

Now that Maysville is given a local office of the Employment Service it is up to the people of this section to use it freely.

CARNIVAL LEAVES FOR OHIO

The Rubin & Cherry Carnival Company left Sunday afternoon for points in Ohio to exhibit. This was one of the best carnival companies that has exhibited in Maysville in recent years. Their shows were all high class and when weather was suitable there were large crowds on the grounds.

Mr. N. W. Ellis, prominent farmer of the Germantown neighborhood, was in Maysville Monday and paid this office a pleasant call ordering the Public Ledger sent to his address daily.

During the special series of services there have been eight accessions to the church and those attending have read through the special Bible readers' course a total of 2,676 chapters in the Bible.

Mrs. Wate Stewart and children, Dorothy and Jerome, and sister, Mrs. Dudley W. Gardner and daughter, Elizabeth Jane, motored down from Flemingsburg to shop and spent the day with friends Monday in Maysville.

Miss Ethleen Smith, of Dover, is the guest of Mr. and Mrs. A. F. Curran, of West Third street.

SUCCESSFUL REVIVAL WAS CLOSED SUNDAY AT BAPTIST CHURCH

Two Weeks Special Services at First Baptist Church Proves Success in Every Way—Sunday Night's Was Last Service.

Special revival services which have been in progress at the First Baptist church for the past two weeks came to a close Sunday evening in one of the best services of the entire series. Pastor Bailey gave his hearers something to think about Heaven—the future home of the soul.

The musical program at Sunday evening's service was especially attractive. Mr. Carl Dodds and Mrs. Dodds both sang solos. There was a male quartet and a special chorus number by the large choir. The musical part of this entire series has been wonderfully attractive. Mr. Carl Dodds has handled the music as few could have done and every one is more than pleased with the record the chorus choir has made. He has been able to get more music from the audience than is usual and the manner in which the church officers appreciate the services of Mr. and Mrs. Dodds was shown by the handsome purse they were presented with at the close of Sunday's service. Dr. Bailey Sunday evening also highly complimented Miss Stella Archdeacon upon the splendid manner in which she had handled the piano during the series.

Although Pastor Bailey gave his services during this series to the church, the officers have informed him that all of his expenses to the Southern Baptist Convention, which meets next week in Atlanta, Ga., and all of his expenses while in Atlanta will be paid by the local church as their appreciation for his services during the revival.

During the special series of services there have been eight accessions to the church and those attending have read through the special Bible readers' course a total of 2,676 chapters in the Bible.

Mrs. Wate Stewart and children, Dorothy and Jerome, and sister, Mrs. Dudley W. Gardner and daughter, Elizabeth Jane, motored down from Flemingsburg to shop and spent the day with friends Monday in Maysville.

Miss Ethleen Smith, of Dover, is the guest of Mr. and Mrs. A. F. Curran, of West Third street.

MODERN LAUNDRY AGENCY

You can leave your laundry here and get it any time during business hours day or night.

This is an advantage to our country friends who can't get in town during the day.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

I AM THE NEWSPAPER

Born of the deep daily need of a nation—I am the voice of now, the incarnate spirit of the times, monarch of things that are.

My "cold type" burns with the fire blood of human action. I am fed by arteries of wire that girdle the earth. I drink from the cup of living joy and sorrow. I sleep not, rest not. I know not night, nor day, nor season. I know no death, yet I am born again with every morn, with every moon, with every twilight. I leap into fresh being with every new world's event.

Those who created me cease to be; the brains and heart's blood that nourish me go the way of human dissolution. Let I live on and on.

I am majestic in my strength, sublime in my power, terrible in my potentialities, yet as democratic as the ragged boy who sells me for a penny.

I am the consort of kings, the partner of capital, the brother of toil; the inspiration of the hopeless, the right arm of the needy, the champion of the oppressed, the conscience of the criminal. I am the epitome of the world's comedy and tragedy.

My responsibility is infinite. I speak and the world stops to listen. I say the word, and the battle flames the horizon, I counsel peace and war-lords obey. I am greater than any individual, more powerful than any group. I am the dynamic force of public opinion. Rightly directed, I am the creator of confidence; builder of happiness in living; the backbone of commerce, the trail-blazer of prosperity, the teacher of patriotism.

I am the hands of the clock of time, the clarion voice of civilization.

I am the Newspaper.—Paper News.

TO CURE BOLSHIEVISM

Before a reputable physician attempts to cure a patient or dispel a disease, he first makes a diagnosis of the case and prescribes according to his best judgment, and the majority of doctors will admit that in many cases there is more or less an element of guess-work employed. In curing Bolshevism, therefore, it is first necessary to discover just what Bolshevism means.

Originally the term Bolshevism meant merely majority socialist, as distinguished from menshevist, or minority socialist. Actually, the Bolshevist of yesterday is the menshevist of today, retaining the name of Bolshevism. As nearly as can be generally defined, a Bolshevist is one who believes in nationalizing industry, profit, women, professions, children and everything under the sun.

The most generally prescribed antidote for Bolshevism is food. The French, who, perhaps, of all people, best understand Bolshevism and are most affected because of the twenty billions they have invested in Russia, are convinced that the best cure is blood—Bolshevik blood. On the other hand, an American musician asserts that "music hath charms to soothe the savage beast," and he urges more music as a preventative and cure for Bolshevism. The Bolshevists, themselves, in attempting to rehabilitate the country they have ruined, prescribe propaganda.

Perhaps one of them may be right, perhaps a combination of some or all of the proposed treatments would effect the cure, but what is most likely, since the doctrine of Bolshevism is based upon a false premise economically impossible, is that Time, inexorable, mighty, unrelenting will wipe out the scourge.

THE FAITH ONE HAS

Man too often yields to despair, to resignation, to unhappy fate, and too often to equally futile, blind faith, when he should exercise high resolve and a determination to conquer, says the Dayton Herald. There is a reservoir of strength in the soul of every man if he but call it up.

Oliver Cromwell is credited with saying on one occasion about one of his own followers:

"Fate dug down and tapped in his nature great reservoirs of unguessed strength."

To admit defeat instead of digging down deep for those reservoirs that exist in every man's soul is to admit defeat and break faith with self and with humanity. The world today is facing problems that require the digging down deep, and every man who claims to be a man has his share in it.

Probably the most succinctly accurate summary of the Ebert Government in Germany yet given is that of an American business man that "the trustworthy men in it are weak and the able men are untrustworthy."—Richmond Times-Dispatch.

The United States is lifting its cable censorship. Before long it will be possible to get a message across the ocean by cable as fast as by mail.—Charleston Post.

Paderewski is said to be losing out as Premier of Poland. Perhaps he has used the soft pedal too much.—Augusta Chronicle.

Close the Schools

We hear that next week we are to have in our town one of the old time spool-wheel wagons such as you made when you was a kid.

Better close the schools and give the children and teachers a chance to see it.

SIMPSON'S Glasses MIGHT Help 'Em to See.

BUSINESS-LIKE METHODS DEMANDED BY WARREN

Says Constitutional Government Will Return With Proper Use of People's Money.

(By Snell Smith)

Washington. — Senator Francis E. Warren, of Wyoming, the new Republican chairman of the Senate Committee on Appropriations, will insist upon an early return to business methods and constitutional government as a remedy for the extravagance and waste of the present Administration.

"Unheard of sums of unheeded purposes have steadily been appropriated out of the public treasury, with the result that an immediate halt must be called if the payers of the country are to be protected," he said to your correspondent. "Often without adequate reason and certainly without proper check the money of the people has been poured into projects which later events have proven entirely unworthy. When the books are opened by the new Congress before the summer is over, an unsavory record will, I fear, be revealed—a record of favoritism in contracts and wanton waste in the completion of them where they have not had to be abandoned altogether. The country must check up, and it should be thankful that it has placed the task in the hands of the party opposed to present executive methods. Otherwise, it is unlikely that much of the tale would never be told. Yet the uncovering of waste is not enough. There must be an institution of methods which will prevent its recurrence. To this end the appropriations committees of the House and Senate will see to it that every item is scrutinized and all vague, idealistic and impractical projects eliminated.

"A proper and economical expenditure of the money of the people by the branch of the government given power to appropriate it will, in my judgment, itself prove a palliative of the evils of unconstitutionalism. Armed with vast powers during the war and aided and abetted by a supine Democratic Congress, the President has gradually permitted arbitrary methods on the part of the executive departments which have undermined a proper respect for the authority of Congress. Therefore, a return by Congress to business methods of appropriation and audit will have the effect of impressing upon the executive branch that it is but a subordinate part of our system, and investigation and scrutiny cannot but have the result of bringing about greater care in the future. Hog Island and Muscle Shoals, where many millions were thrown away, are but a part of the extravagance which needs investigation and correction."

SHE LENT HER SON

Over in Western Ohio is a little town that made a remarkable record of enlistment for overseas service. They began early and continued right up to the last call. And the boys made doubly good over there.

Recently some of them came back. Many of them had seen hot fighting. Not all of them came out unmarked. Some will bear honorable scars to their graves. And any one of them can tell a rattling good story.

"This fact moved some of the proud townfolk to arrange for the meeting at which these boys gave the stay-at-homes an idea of what fighting the Hun on his own back lot really meant. And it was some meeting."

It was almost over before a little woman arose over in one corner and made her way to the front. Nearly everyone recognized her. She had sent her only son to the front early. With her it was a matter of pure patriotism. His father had served his country before him. All knew the story.

Stopping before the speakers' platform she let her eyes roam slowly over the crowd. "My friends," she said calmly, as if it were an every evening thing for to do, "and I trust you are my friends, I want to say a few things before this meeting ends. I feel that I have the right to do so."

"The government is asking us once more to lend it our money. It has been a long time since we country folks had as much money as we have right now. This war brought it to us. Just as it brought higher wages and bigger profits to folks in the cities. All of us have been benefited."

"The farmers got higher prices for everything they produced. They will get war prices for their wheat again next year. We have all done well. Out in front of this building tonight are two or three hundred automobiles representing thousands of dollars. I remember when all of you drove horses."

"There isn't one of you but can buy another bond. Not one that should not try to. I bought bonds last time. I lent Uncle Sam what I could."

"More than that I lent him my only son. And I needed that boy more than any one of you needs his money. I need him now, I want him back. I want your help—the nation asks your help in getting him back with thousands of others."

"And I'm trusting that you are not only my friends, but that you are friends of Uncle Sam and of every boy over there tonight."

That particular section isn't worrying any longer about its quota.

Try a Ledger Want Ad. It Pays.

HEED THE WARNING

Many Maysville People Have Done So.

When the kidneys are weak they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Weak kidneys usually expel a dark, ill-smelling urine, full of "brickdust" sediment and painful in passage. Sluggish kidneys often cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequent rheumatic twinges.

Doan's Kidney Pills are for the kidneys only. There is no better recommended remedy.

Maysville people endorse Doan's Kidney Pills.

Fred Dresel, tailor and justice of the peace, 1238 East Second Street, says: "I was troubled by inflammation of the bladder and annoyance from my kidneys. The kidney secretions burned in passage and often were retarded. I had severe pains across the small of my back which greatly interfered with my work. Doan's Kidney Pills, which I got at Wood & Son's Drug Store, gave me prompt relief."

Mr. Dresel gave the above statement on February 6, 1908, and on November 14, 1916, he added: "I have had the same faith in Doan's Kidney Pills today as ever, for I haven't had any trouble with my kidneys since I last recommended them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dresel had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Points in the Moline's Favor

There are many points in the MOLINE'S favor when the question of what Farm Tractor to buy comes up. To put them all in print would make a long, long story—but to make a long story short—

POINT 1—The MOLINE is the ONLY tractor with electric lights and self-starter. You don't have to quit important plowing or other work just because the sun goes down. Just turn on the lights and keep right on. The MOLINE will work 24 hours a day for you. Never mind the weather. If it rains on Monday, you can do 2 days' work on Tuesday to make up for it.

POINT 2—The MOLINE is the ONLY tractor that cultivates the seed in the soil.

POINT 3—The MOLINE is the ONLY tractor that reverses and goes around a stump or rock. You drive the MOLINE same as an automobile. Drive backward as well as forward.

POINT 4—The MOLINE is the ONLY tractor that cultivates two rows at a time.

POINT 5—The MOLINE is the ONLY tractor that can be turned around in a 16-foot circle and can be put in a small-sized shed.

POINT 6—The MOLINE is the ONLY tractor that has a device to lock the differential and give perfect traction in soft ground.

POINT 7—The MOLINE is the ONLY tractor that will start and finish a field without a horse.

There are SEVEN points—"one for every day in the week."

CONSIDERABLE MONEY YET DUE THE RED CROSS

Some Money Pledged for the Red Cross in Campaign is Yet Not Collected—Should Be Paid at Once.

Eleven months since the money was pledged and there are still people in Ohio, Indiana and Kentucky who have not yet paid their subscription to the Second Red Cross War Fund, according to accounting department records at Lake Division Headquarters of the American Red Cross.

Directors of War Fund collections in various Lake Division cities are counting on the subscriptions promised. Of a total pledge of \$74,044-\$217.78 up to this time only \$13,362-\$76.34 has been turned in. This leaves \$60,681.44, almost five per cent., still unpaid, in the three states.

This means that Ohio, Indiana, and Kentucky, which comprise the Lake Division, are fifth on the list of Red Cross divisions, instead of 100 per cent paid-up on the War Fund subscription.

Conditions exist overseas which will require the utmost effort of the American Red Cross if the suffering people are to be relieved. Prompt payment of these outstanding war fund subscriptions will help.

The cross roads oracle says: 'O' folks talk a lot about the good ol' days; but I notice they're about quit takin' calomel an' quinine all right.

Catarhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.

This Industrial Honor Emblem is the flag which will go to all factories, industrial institutions, clubs, schools and fraternal organizations where 100 per cent of the employees or membership subscribe to the Victory Liberty Loan.

Thousands of them will be on display in the Fourth Federal Reserve district when the Loan is ended.

ON THE FARM IN KENTUCKY

Washington Drove Mules

Washington became very enthusiastic in the rearing of mules a few years after he secured "Royal Gift," his celebrated Jack, from Spain. In 1788 he wrote his English friend, Arthur Young, that mules were "a very excellent race of animals." Then he adds: "Indeed, in a few years, I intend to drive no other in my carriage, having appropriated for the sole purpose of breeding them, upwards of twenty of my best mares."

To Hold Tent Meetings

Plans are being perfected to hold farmers' community meetings in about 60 counties in Kentucky during the summer. The money to handle this big proposition is being secured thru the Board of Trade of Louisville, Ky., and the Kentucky Bankers' Association.

Neither of these organizations will furnish any speakers for these meetings. The men and women who will talk or do demonstration work, will be furnished through the active cooperation of the University of Kentucky, the College of Agriculture, the Experiment Station, the Extension Division, the State Departments of Education, Roads, Health and Agriculture, the two Normal Schools and the Departments at Washington, D. C.

These meetings are not experiments as ten or twelve were held several years ago and scored an unqualified success.

Boy Secured Members

Last year there was only one member in the Boys' and Girls' Club work at O'Bannon, Ky. It happened, however, that this boy, Forsee Powers, was interested in his pig and its development. This year he visited the county agent and secured a handful of application blanks. Ten days later he returned the blanks filled out. Every one of the boys in the school, which Forsee attended, who were within the age limit for club work, had signed up for the pig club. Forsee's enthusiasm was so contagious that one small girl also joined.

Community Buys Bull

The Commercial Club of Fern Creek, Ky., has paid \$300 for a five-year-old Jersey bull for the community. This was done so that the small herds of Jerseys in the neighborhood might be given new fine blood from a registered sire of known merit.

The cross roads oracle says: A poor farmer'll ruin even a rich farm. A good farmer'll make a rundown farm behave itself an' grow fat.

When you feel discouraged, vious, tired, worried or dependent it is a sign you need **MOTT'S NERVEINE PILLS.** They renew the normal vigor and make life worth living. "WASTE NOT, WANT NOT"

United States Thrift Leaflets Give Suggestions for Wise Spending.

Uncle Sam wants his people to make thrift and saving—taught by the war—a permanent habit. To popularize wise spending, intelligent saving, and safe investment, the United States Treasury and the Department of Agriculture have prepared a series of leaflets which tell how to distribute incomes in what economists consider the best way. For the small family or the large, the message on these leaflets is expected to prove helpful.

The result desired is that the American people shall spend freely, but think before they spend in order that they may get full values. These leaflets teach that twice spending involves weighing present needs and desires against future needs and desires, while intelligent saving and investment provide for future spending, whether to cope with rainy-day emergencies or to take advantage of sunny opportunities. Practice of these principles will make for family stability, increase individual credit and buying power and directly contribute to community and national wealth and prosperity.

What one home wastes is taken away from the Nation's wealth and makes all comes that much poorer, the first leaflet states, and in it are enumerated the things that household thrift demands.

The seven steps which lead to saving, the second leaflet teaches, are "Know Your Needs," "Count Their Cost," "Study Your Spending," "Prepare a Plan," "Make Practice Follow Precept," "Keep Accounts," "Review Your Records," and "A 100 Per Cent. Home." The experts who have prepared this series advise you to climb these seven steps toward thrift if you wish to get the most out of your income, whether it is larger or small.

This leaflet is devoted to the division of income. Your income must pay for food—adequate, nutritious and appetizing; clothing—healthful, comfortable, suitable, and attractive; home—sanitary, convenient, and pleasant; operating expenses—fuel, light, and service; personal expenses—education, pleasure, and gifts; and saving—emergency and permanent.

Under the item labeled "Home" are the following points you are asked to consider: "Does the house provide comfort, enjoyment, and some privacy for each member of the family? Has it light, air, sunshine, and running water? Is it easy to work in and to keep clean? Have you thought about the colors of your walls and floors? Is your furniture chosen and arranged to make the whole family comfortable?"

"Your clothing," another leaflet states, "should supply you with the following things: Protection from cold, heat, moisture, and rough surfaces; freedom in movement, breathing and standing; beauty—you will get this by choosing materials, colors, and designs suited to you and your occupation; self-respect. Clothing which is appropriate, becoming, inconspicuous, clean, neat, and within our means, makes ourselves and our neighbors think well of us."

A savings division has been organized in the United States Treasury at Washington to assume national leadership in the campaign for thrift and to promote the sale of War Savings Stamps. It will be composed of economists, bankers, business men, educators, publishers, and those who have made a special study of savings in household or other fields. It will cooperate directly with the savings organizations of the Federal Reserve Districts and with all other Government agencies interested in promoting thrift. Efforts are to be made to induce the press to republish widely the material on the leaflets.

In short, it is planned to teach Americans that to save money by going without necessities in bad economy, but to waste anything lessens their wealth, the wealth of their country, and the wealth of the world.

SEEKS SOURCE OF TUBERCULOSIS CATTLE

Bureau of Animal Industry Takes Prompt Action to Suppress Interstate Shipment of Diseased Stock.

Washington.—Pending the outcome of an investigation by the Bureau of Animal Industry, United States Department of Agriculture, into the sources of tuberculosis cattle lately shipped to Southern States, persons about to buy stock, especially dairy animals, are cautioned to make full inquiry into the health of the stock and the sanitary conditions on the farms from which the animals come.

Veterinary inspectors of the Tennessee department of agriculture and the Federal Bureau of Animal Industry, who tested 3 carloads of cattle received from Illinois a few months ago by Tennessee purchasers, found that tuberculosis existed among from 50 to 90 per cent of the animals acquired. The section from which the cattle were received is now under investigation, and the case promises to parallel cattle dealer who was recently convicted in the Federal court for using the United States mails to defraud prospective purchasers of dairy cattle.

The bureau, backed by the scientific and legal staffs of the Department of Agriculture, is determined that the new dairy communities of the South and other parts of the country shall not be made a dumping ground for diseased cattle sold by unscrupulous dealers. Investigations have shown that southern herds in general are relatively free from tuberculosis. Of 5,000 cattle recently tested in herds supplying milk to Birmingham, Ala., only 47 were found to be tuberculous. That is less than 1 per cent, which is much below the estimated average for the United States as a whole.

Bureau officials state that more cases of tuberculosis usually are found among the dairy herds in and near cities than among native cattle, because the former herds are augmented more often by animals shipped in from outside sources. Such a condition points to the need for greater precautions by purchasers in obtaining stock. Safety lies in buying

from those farms known definitely to be free from disease. More and more pure bred and grade herds are now being officially accredited as free from tuberculosis, and the further development of these sources of healthy cattle is expected to reduce the opportunity for traffic in diseased animals.

The condition of the three carloads of cattle found by Federal inspectors to be more than half tuberculous was a bitter surprise to the Tennessee dairymen. In one lot of 16 cattle, 15 reacted to the test, and postmortem examination of all but three cows, which were held to calve, showed well-marked lesions of tuberculosis.

In another lot of 46 animals, 17 reacted to the test, four of which were so badly affected that they were condemned to the offal tank. In other lot one of the animals died before a test could be made.

The damage done by shipments of the kind mentioned is beyond reckoning, especially when the depressing effect of the fraud on the local dairy industry is considered. Officials of the United States Department of Agriculture declare that except in the case of valuable pure-bred breeding stock, isolated from healthy animals, the best remedy is the heroic method of slaughtering the animals which react to the test, cleaning up the herds at once, and after that keeping them free from disease as provided under the accredited-herd plan.

Cooperative arrangements in some States make the State and Government partners in sharing with the owner the loss of cattle found diseased and slaughtered. This incentive toward complete eradication is a policy which the Department of Agriculture is endeavoring to have every State adopt. The laws of many States provide—and this is an important matter for dairymen to consider—that indemnity be paid for condemned animals only after they have been kept in the state a specified period, usually six months or a year. In Tennessee bovine tuberculosis is being eradicated by the State and Government cooperatively, but the matter of reimbursement is administered by county authorities.

This is one of the reasons for the Victory Liberty Loan.

To make life brighter, easier, more bearable to the man for whom this war will never end.

Help him. Do your part. Subscribe.

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound Is Prepared for Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attends the making of this great medicine for woman's ills.

Over 350,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

Maysville's Foremost Clothiers.

LOCAL PAINTER SUFFERS A FRACTURED SKULL

Clark Campbell Jumps From Buggy When Horse Runs Off and Is Severely Injured—Other Occupants Less Seriously Injured.

Clark Campbell and Clifford Wood, local painters, who had been working at the home of Mr. William Baldwin at the top of the Maysville hill, were injured as well as Mr. Baldwin in a runaway on the Lexington pike Saturday evening.

About 5:30 o'clock Mr. Baldwin was bringing the painters to Maysville when the bit of the bridge upon the colt he was driving broke and the colt became frightened. Both Mr. Baldwin and Mr. Campbell jumped. Mr. Baldwin sustained a sprained ankle but Mr. Campbell struck on his head and suffered a fractured skull. Mr. Wood did not leave the buggy but was thrown out when the vehicle upset and was bruised about the face although not seriously.

It was at first thought that Mr. Campbell might be fatally injured but this afternoon he is reported as resting easily and doing nicely. Physicians say he will recover in a short time, as his fracture is not a bad one.

BAD CUTTING SCRAPE AT CLARK STATION

Sheriff Galbraith and Constable James McNamara this morning arrested James Wall, of Clark Station and lodged him in the county jail on a charge of assault. It is charged that while in a drunken brawl, Wall cut and seriously wounded John Crawford at Clark Station Sunday afternoon. Crawford was cut on the head and nine stitches were required to close the wound. Wall will be given an examination in Squire Fred Bauer's court Wednesday afternoon if Crawford is able to appear against him at that time.

PORTER BLYTHE LANDS IN THE U. S. A.

Mr. and Mrs. P. H. Blythe, of West Second street, Sunday received a telegram from their son, Porter Reed Blythe, announcing his safe arrival in this country from overseas. Porter is the only Maysville man who was connected with the balloon observation corps during the war. He has been overseas more than a year and has a wonderful experience.

MUCH STOCK IS OFFERED FOR SALE AT LOCAL YARDS

Small Crowd of Farmers in the City at May Stock Sales But Stock and Many Horses are Offered For Sale.

Probably because there have been so many other things to attract the country people to Maysville for the past two weeks and because they are quite busy on their farms just at this time, there was not a great big crowd of country people in the city today to attend the May Stock Sales. There was, however, a very good crowd of folks and business men report a very good business.

There was a large amount of cattle at the Stock Yards and they brought very good prices. There was also a large number of horses in the city some of them very fine animals. Although last month's stock sale was regular show horse day, there were several studs here being shown by their owners.

Manager Chris Brown, of the Stock Yards, reports trading in the trading ring very brisk and most everything was offered for trade from automobiles to pocket knives.

Although there was no record breaking crowd of people in the city, taken as a whole it was a very good stock sales day.

MANDATE IN MURDER CASE DELIVERED TO GOVERNOR

The mandate of the Court of Appeals in the case of Lewis Harris convicted of murder and condemned to die in the electric chair, has been delivered to Governor Stanley instead of the local court officials. Sheriff Galbraith will deliver the prisoner to the state penitentiary at Eddyville within the next few days and he will be confined in the death cell until his execution day.

COUNTY BOARD OF EDUCATION MEETS

The regular monthly meeting of the Mason County Board of Education was held today in the office of County Superintendent Turnipseed at the Court House and much important business was transacted. The regular election of county school teachers will be held at the next regular monthly meeting.

\$50,000 FIRE AT COVINGTON

Covington, Ky., May 5.—Fire originating in the engine room, destroying the wagon shop, containing forty wagons and threatened other buildings in the plant of the City Ice Company here Sunday. The loss is estimated at \$50,000.

WILL DELIVER TWO PRISONERS

Sheriff Galbraith and his deputies this week will deliver William Fryman to the State Penitentiary at Frankfort to begin a two year term in that institution and David Warfield at the State School of Reform at Greendale to remain there until he becomes 21 years of age.

Young Peoples Missionary Society of the First M. E. Church, South, will meet Tuesday evening at 7:15 with Miss Annie Shackelford of West Fourth street.

Miss Ruth Fewer returned to her home at Winchester, after a pleasant visit to Miss Georgia Hornback of Forest avenue.

MAYSLEICK LOAN RALLY WAS GREAT SUCCESS

Much Interest in the Victory Loan Campaign Is Created at Mayslick Sunday Afternoon—Boys' Band Gives Fine Concert.

There was a very large attendance at the Victory Loan Rally held Sunday afternoon at the Mayslick High School auditorium and much interest was created in the Victory Loan campaign in that section of the county. It is expected that the next day or so will see the Mayslick precincts over the top in their drive and the interest created Sunday will also extend to other nearby precincts no doubt.

The chief address of the afternoon was delivered by Hon. James N. Kehoe and in his usual style he aroused much patriotic spirit among his hearers.

The concert by the Maysville Boys' Band was a great treat for the Mayslick people. They did not know that Maysville had such a band of youthful musicians and the surprise expressed was great. The concert such as they gave at Mayslick was worth of an old and well seasoned band of musicians and they were highly complimented upon their concert.

AIRSHIPS PROMISED FOR WEDNESDAY HERE

Mason County Victory Loan Committee Promised That Flying Circus Will Be Here Wednesday—Fourth Ward Over the Top.

Chairman James N. Kehoe has received communications from the management of the Flying Circus of government airships now in this district assuring him that the circus would be in Maysville on next Wednesday afternoon weather permitting and all are now planning to see the ships do their stunts in air but the schedule of these flyers is so uncertain that there may yet be many changes.

Sales of Victory Notes today have been very successful. Chairman J. Barbour Russell, of the Fourth ward committee, announces his ward over the top with flying colors. Maysville will reach its entire quota in the next day or so.

RETURNS TO SERVICE

Lud Mills, who has been visiting relatives here for the past several days having just returned from overseas, leaves tomorrow for Fort Totten, N. Y., to again report to his company to serve out his unexpired time in the army.

HARRY OTTO HOME

Harry Otto, who was in Europe many months with the A. E. F., arrived home Sunday afternoon having been discharged at Camp Mills. Harry is well and looks as if army life has agreed with him considerably.

The regular monthly meeting of the City Mission Board will be held Tuesday afternoon at 2:30. The presence of every member is requested.

Mr. A. L. Merz left Sunday afternoon for New York City in the interest of the Bee Hive.

Mr. and Mrs. J. Elgin Anderson, of Dover, visited here Sunday.

OUR COLORED CITIZENS

All members of Pride of Mason Lodge No. 79 are requested to be present tonight 7:30 o'clock at U. B. F. hall.

The Civic Improvement Club will meet Tuesday at the residence of Mrs. Roxie Connor, in the East end. All members are requested to be present. Business of importance. ANNA B. PERKINS, Secretary.

Washington, Ky., May 5.—The Haven Chapel M. E. Church entered upon its series of meetings. The Song Evangelist is in possession. Sunday was a gala day. The choir was at its best and the song evangelist stirred the audience to a spiritual degree. The Rev. W. A. Hinton and the Song Evangelist, Mrs. Anna Thomas Foster of Paris, Ky., are delivering messages to the membership of the church this week and next week will be our campaign for to save sinners. Everybody is invited to attend these services and take some part in them. Our Sunday school is now properly organized. Little L. Moore, Superintendent; W. R. Lane, Assistant Superintendent; Lina Lane, Treasurer; J. Ross, Librarian; Mecie Ross, Secretary; A. F. Hinton, L. L. Moore and Rena Bland, Program Committee. We are to organize a Bible Class just as soon as possible. Rev. W. A. Hinton elected to be its teacher. Our new Sunday School teachers are the following: Rena Bland, Carrie Simpson, Annie F. Hinton, etc.

TWO HEAVILY FINED FOR CARRYING CONCEALED SAME GUN

Judge Whitaker Fines Two Men \$100 and Costs and Ten Days in Jail For Carrying the Same Revolver—Unusual Case.

One of the most unusual cases ever tried in the Maysville Police Court was that tried this afternoon when George Harris and William Brown were both fined one hundred dollars and costs each and each given jail sentences of ten days on charges of carrying concealed deadly weapons. The minutes of the cases will also go to the Circuit Court where they will be disfranchised for one year.

These two colored men were arrested at the carnival grounds Saturday night by Officer William Tolle. The officer saw Brown pass a revolver to Harris in a dark place of the grounds and immediately thereafter he placed both under arrest. Brown entered a plea of guilty to the charge made against him but Harris contended that he was not guilty as he was simply holding the revolver a few minutes for Brown, who put it in his pocket and that he had never had his hands on the gun.

Its very seldom that two men are fined for carrying concealed the same revolver.

Brown was wanted by the police on a charge of escaping the prisoner guard. He escaped while serving time on a bootlegging charge and yet has 108 days on that old charge to serve.

Bud Berry, "Ringtail" was fined ten dollars and costs on a charge of Breach of the Peace. Berry was arrested at the corner of Second and Union streets early Saturday morning by Officer Fred Wells and showed fight. The negro and the officer struck at the same time and both were knocked to the ground but the negro got up first and made his escape. He walked into Police Court this afternoon and was there arrested.

\$587,567.092 FIRE INSURANCE CARRIED IN STATE LAST YEAR

Frankfort, Ky., May 5.—C. F. Thomas, Insurance Commissioner, has issued the forty-eighth annual report of the Insurance Department showing that during the period of one year covered by the report fire insurance companies wrote risks in this State amounting to \$587,567,092.05. Of this, Kentucky stock companies wrote \$14,299,952.99; Kentucky Mutuals, \$3,118,275; Kentucky assessment companies, \$6,318,342.23; stock companies of other states, \$438,904,206; mutual companies of other states, \$9,962,218.73, and foreign companies, \$114,964,097.

NOTICE

Te time for receiving bids for the construction of the Moransburg Consolidated Schools has been extended to May 15th.

GEO. H. TURNIPSEED, County Superintendent.

Dr. B. B. Bailey, wife and daughter, left this morning in their automobile for a visit with relatives in Shelby county. Dr. Bailey will return to Maysville and preach both morning and evening next Sunday at the First Baptist Church. Mr. Ben H. Greenlee will have charge of prayer services on Thursday evening.

L. & N. Agent H. S. Ellis is in Cincinnati today on business.

MASON MUTUAL INSURANCE COMPANY ELECTS OFFICERS

Splendid Showing Made By Local Mutual Insurance Company—\$2,300,000 Worth of Insurance Now in Force.

The annual meeting of the directors of the Mason County Mutual Insurance Company was held at the office of Secretary James B. Key here today and the company was found to be in a very excellent condition.

All of the old officers, who have given such splendid service to the company were unanimously re-elected as follows: President, W. H. Robb; Vice President, Ben H. Marshall; Secretary, James B. Key; Attorney, James M. Collins; Inspectors, Basil Berry and J. D. Perrine.

The annual report shows that the company now has in force \$2,300,000 worth of insurance. The company is in fine financial condition, its last call on its members being on February 28, 1918. There are now approximately 1450 policies issued by the company.

FANNY AND THE SERVANT PROBLEM

The Senior Class has been working hard in their class play, which is to be given Friday night. "Fanny and the Servant Problem" the title and the play is full of the witty lines and humorous situations which make the plays of Jerome K. Jerome so delightful. The class is full of budding talent and with the efficient aid of Miss Whaley, who is coaching it, the play should be the most successful of its kind ever given at the High School.

WARRANTS OUT FOR AUTOMOBILE DRIVER

Warrants were issued in Squire Fred Bauer's court today for Barbour Moore of Bracken county, charging him with operating a motor vehicle while under the influence of liquor and with carelessly operating a motor vehicle on the public highways. It is said that Moore drove his automobile into a buggy driven by Earl F. Hoover on the Germantown road near Pogue's residence Saturday night and demolished Hoover's buggy.

LOST—Bunch of keys, between Clooney's and Murphy's Jewelry Stores Saturday morning. Please return to C. N. Braxton.

BUY VICTORY LIBERTY Bonds

To fail now would be foolish. Let us finish right. Good investment and patriotic duty. We will be glad to help you. : : : : : : : : : :

BANK OF
MAYSVILLE

Don't Start Anything You Can't Finish!

YOU AGREE WITH THAT SENTIMENT WE'RE SURE: AND YOU ALSO AGREE WITH THE ADDED IDEA—"DON'T LEAVE UNFINISHED ANYTHING YOU START." THAT'S WHERE THE NATION IS TODAY—WE HAD TO START SOMETHING AND NOW WE'VE GOT TO FINISH IT. THE FIGHTINGS OVER BUT PAYING THE BILLS ISN'T. WE'VE GOT TO FINISH THE JOB. BUY THE NEW VICTORY LIBERTY BONDS.

Secretary of War Baker

SAW THE PICTURE THAT WILL LIVE FOREVER

Heart of Humanity

Here's what the Secretary said: "It is a valuable picture, and brings to us in a forceful manner the sacrifices which were made both at the front and at the fireside to free the world and place love in a rightful place."

"The picture touched me deeply and I hope that it will help in bringing about some sort of League of Nations."

This production opens the picture season at the Lyric Theater, Cincinnati, Ohio, on May 11 for an indefinite run.

This is the highest priced picture that was ever shown in Cincinnati.

It is the most wonderful picture ever shown in Maysville.
